

Humane Society of Davie County

Board of Directors Profiles

July 2016

Director & Profession	Profile Statement
Jane McAllister, President Director, Davie County Public Library	I work through the Humane Society because I believe that the person-pet bond enriches and saves lives. I enjoy three-dog-nights at our house every evening.
Casey Kiser, Vice President VP, Human Resources Manager, BB&T	I have a passion for educating adults and children in the areas of animal welfare and safety. I was an HSDC volunteer for almost two years before joining the Board, which gave me an opportunity to provide and care for animals on a broader scale. I am so excited to be able to utilize my passion in productive ways through the HSDC Board!
Debbie Clark, Treasurer Community Volunteer	Companion to 11 feline fur-kids over the past 34 years, I understand how much pets change our lives for the better and believe we owe them love and protection in return. My favorite days are spent with HSDC pets – even the ones who DON'T go home with me! With animals, rescue is definitely a two-way path.
Ronald H. Clitherow, M.P.H., Secretary Health Care Consultant, Vice President Worthland Associates, Inc.	I have spent the majority of my 44-year career in health care, working with or for non-profit organizations and their Boards to strengthen locally-based service delivery. My wife and I have 12 cats, all indoor neutered kitties, seven of which have been rescues--just enough for an annual calendar!!
Melinda Beauchamp Chief Professional Officer United Way of Davie County, Inc.	I am the CEO for United Way in our community so I work with people in crisis. By working with the Humane Society I get the chance to work with my other love, animals!!!!
Nancy Faller Anesthesiologist	

Comprehensive Pain Specialists	
Lori Hamilton Attorney at Law	I am a practicing attorney in both Davie and Davidson Counties. I have been an animal lover all my life. I am part of a pack which includes four dogs with which I share a home. Three of my dogs are rescued animals (I rescued each one of them once, but each of them has rescued me many, many times!). I would like to volunteer more of my time and give back to a community which has been very good to me.
Danielle Miller "Direct to Chef, Wholesale Sales & Marketing " Anson Mills	Entrepreneur with a Bachelor's degree in Marketing and avid animal lover. I contribute to the Humane Society because I want to make a difference in our community and the surrounding areas. I believe we can do this through rescue, adoption and education.
Bobbi Virtue Community Volunteer	I have been loving and rescuing animals since I was nine years old. I work with the Humane Society because I care deeply about animal welfare and I am committed to being a bridge for rescues and their forever, loving homes.
Britt Perkins President, AdSign Corporation	Dogs and cats are gifts from God that make humans' lives better, and working with the Humane Society is a way I help more people enjoy the companionship of a rescue animal, one pet at a time. We have seven dogs, one cat, eight horses, and four ducks, and I have been told by my wife that if I bring any more animals home, then I'll need to find a new home for myself.
